

Glass Plus

Extreme Impact and Shatter Protection.

Glass Plus : Extreme protection for your device. 3X shatter resistance, full-screen coverage, scratch prevention, smudge resistance, smooth touch, and easy installation.

3X
Stronger¹

 **Maximum Scratch Protection**

 **ClearPrint[®] Technology**

 **EZ Apply[®] Installation**

 **Maximum Touch Sensitivity**

- Glass Plus is 3X more protective than an unprotected screen.
- Powerful aluminosilicate glass protects your screen from scratches and shatter damage better than traditional glass screen protection.
- Reinforced edges prevent chipping, and their beveled shape seems to disappear into the screen.
- EZ Apply[®] tabs and a drop-in installation tray made from 100% post-consumer recycled materials make applying your InvisibleShield simple.
- Smooth aluminosilicate glass has 100% clarity, so all of your images are crystal clear.
- Glass Plus screen protection has the same silky, smooth feeling as your phone's original screen.
- Materials integrated into our screen protection are engineered to ensure compatibility with the most advanced biometric scanners.

Introducing Glass Plus – the ultimate guardian for your device. With 3X shatter protection, it's like an invisible armor for your screen. Embrace full-screen coverage, keeping your device safe from edge to edge. Worried about scratches and smudges? Don't be. Our precision surface finish fights off scratches while the oil-resistant coating keeps fingerprints at bay. And yes, it feels as smooth as it looks, offering remarkable touch sensitivity. Applying it is a breeze with EZ Apply[®] tabs and anti-static technology. Experience the difference with Glass Plus.
