

Everest™ with Kick Stand

Extreme Triple Impact Protection Case with Kickstand

The Everest™ with Kickstand case has a triple layer design that provides up to 20 feet of drop protection.¹ Everest™ incorporates graphene, one of the strongest materials on earth, so you get maximum protection without the bulkiness. Its ribbed edges provide a no-slip grip with a rugged feel.

Graphene

Graphene: One of the strongest materials on earth³

EXTREME STRENGTH³
Graphene is harder than a diamond, yet more elastic than rubber, and up to 200x stronger than steel.

HEAT DISSIPATION³
Graphene is one of the most conductive man-made materials on earth.

INDUSTRY-LEADING INNOVATORS USE GRAPHENE³

- Aviation
- Aerospace
- Professional Sports
- EVs
- Military

Triple-Layer

Integrated Kickstand

- Everest™ with Kickstand has been tested and proven to protect your phone from drops up to 20 feet (6 meters).¹
- The triple layer design includes a graphene-infused plate, a polycarbonate backplate, and a TPU interior lining and border.
- The kickstand allows for hands-free viewing, and it folds back flush with the case.
- Contains an antimicrobial agent with properties built in to protect your case by inhibiting the growth of odor-causing bacteria.²
- Everest™ with Kickstand is made with up to 96% post-consumer recycled content.⁴
- Everest™ with Kickstand has ribbed edges for a no-slip grip and rugged feel.

The Everest™ with Kickstand case is designed for the adventure seeker. Its triple layer design incorporates graphene, one of the strongest materials on earth. It also has enhanced corner bumpers to provide additional protection where it's needed most. The kickstand holds your phone up for easy viewing and folds back flush with the case when it's not in use. Everest™ provides up to 20 feet (6 meters) of drop protection. It's got ribbed edges for a no-slip grip, and it's made with up to 96% recycled material. Everest™ with Kickstand is a must-have to protect your phone on every arduous adventure.
