

# Glass Elite Edge VisionGuard®

RPF30 VisionGuard protection, full-screen coverage with maximum touch sensitivity.

Glass Elite Edge VisionGuard: 5X shatter protection, Eyesafe layer filters 60% toxic blue light, full-screen coverage, smudge-free, anti-microbial, EZ Apply®. Protection and clarity, hand in hand.

**5X**  
STRONGER

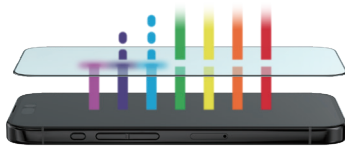

**60% Blue Light**  
Filtration at  
435-440nm

**Contains Anti-Microbial**  
Treatment that Protects  
Your Screen Protector

- Glass Anti-glare is 5X more protective than an unprotected screen.
- Eyesafe technology filters 60% of peak toxic blue light at 435-440nm, protecting from the effects of over exposure to high-energy blue light.
- Maximized case friendly coverage for full screen protection.
- A smudge-free coating protects from fingerprints and makes wiping dirt away simple.
- Glass Elite Anti-Glare contains anti-microbial properties that protect the screen protector by protecting against degradation from microorganisms.<sup>3</sup>
- EZ Apply® tabs and a drop-in installation tray make applying your Glass Edge simple and accurate.
- The anti-static solution prevents dust from the air from being absorbed onto the adhesive side of the glass, ensuring a smoother installation process.
