Protection

ClearPrint®  
Technology

- 5X stronger than average screen protection.<sup>1</sup>
- Contains anti-reflective treated layers that are designed to cancel out the reflected light while allowing transmitted light through to maximize clarity.
- Edge-to-edge coverage including protection over the notch means non a single bit of your device screen is exposed to impacts.
- Ion exchange technology increases surface compression for increased strength and scratch-resistance.
- This revolutionary, oil-dispersing treatment exclusive to camera lens protector disperses the oil from your fingerprints, making them nearly invisible

COMPATIBILITY	Samsung Galaxy S24 series
IN THE BOX	Camera Lens Protector, Microfibre cleaning cloth & cleaning wipe
WARRANTY	2 years
COLOUR AND PART NUMBER	100113971   100113972   100113973

Your ultimate camera lens protector offering 5X extreme impact protection. Crafted with anti-reflective technology, it cancels out reflections while enhancing clarity. The seamless edge-to-edge coverage shields every part of your lens, ensuring maximum protection. Thanks to ion exchange technology, it's incredibly scratch-resistant. Plus, ClearPrint® technology disperses fingerprints for a pristine lens. It's not just a lens protector; it's your camera's invisible guardian, designed for clarity, durability, and eco-conscious minds.
